

Want to learn about Ham Radio?

Interested in local severe weather spotting and emergency communications?

Want to see solar power in action?

**Manhattan Area
Amateur Radio Society**

Event: Amateur Radio Relay League Field Day 2016

Purpose: An opportunity to learn about **Ham Radio** and **emergency communications** from members of local ham radio clubs.

Location: Long's Park, 1101 Fremont St, Manhattan, KS 66502.

Starting at: June 25th, 1 PM

Going straight through until: June 26th, 1PM

Open to all ages! No previous radio experience required!

Activities:

- A "Get on the Air" Station where anyone can use Ham Radio to communicate with other individuals and clubs throughout the country.
- Formal presentations about Ham Radio and its role in Emergency Communications at 2PM, 5PM, and 8 PM.
- A chance to meet other Ham Radio operators and get information about our local radio clubs as well as local severe weather spotters.

Alternative energy: Our radios for this event are **solar powered**. Special thanks to Konza Solar and the KSU Access Center. Representatives from these organizations will be present during the event.
