To Glen's Dear friends; acquaintances of MARKS  
treasures of familiarity

- with abiding affection -

To: Manhattan Area Amateur Radio Society

My gratitude - for the beautiful flowers  
along with a measure of  
TEARS - firmly held at the brim  
of my eyes by the lamp-in-my throat  
upon their arrival at  
Glen's Celebration of Life

...I'm grateful for who you are.

MY-Family and  
I will continue to be mindful  
of you as rugged individuals  
with a collective spirit of  
communicating and communications  
depth of details - curiosities  
and contact!... on many levels.

Baby (mini) carnations  
(nestled among other flowered  
company) - was always  
an endeared greeting - to me -  
from my husband  
on any given day  
throughout our many years  
together - Lindy "Mrs  
Rubash and

My "MK Rubash - KC8GPV" - ALWAYS  
enjoyed + appreciated the Comradery -
